

## PD Dirk Solte; Dr. rer. pol.

Born 1960, married, two daughters,  
Industrial Engineering and Management  
(*Wirtschaftsingenieur*) (PhD), University Karlsruhe (TH)

Deputy Director of the  
*Forschungsinstitut für anwendungsorientierte  
Wissensverarbeitung / n*, Ulm, Germany  
(Research Institute for Applied Knowledge Processing)

PD (Priv.-Doz.) for Business Economics at the University St. Gallen (HSG, Switzerland),

Director „Economics and Financial Market“ of the SDW – *Senat der Wirtschaft*  
(Economic Senate Germany, Global Economic Network)

Scientific consultant for sustainability of the Foundation *Forum für Verantwortung* (forum for responsibility)

The focus of his work is the world financial system with its significant changes due to deregulation and technological innovations esp. concerning information and communication technologies. The main aim of the work is to get “systemic insight” to the procedures within the world financial system, to identify main actors and all relevant rules and legislation. Identified problems are analyzed and documented, possible solutions are developed and proposed.

Books, published:

„*Weltfinanzsystem am Limit – Einblicke in den „Heiligen Grail“ der Globalisierung*“, (World Financial System at its Limits – Insights to the „Holy Grail“ of Globalization),  
Terra-Media, 2007

„*World Financial System in Balance – Crisis as Opportunity for a sustainable future*“,  
Terra-Media, 2009

“*Das Kartenhaus Weltfinanzsystem* (The World Financial System house of cards). *Rückblick – Analyse – Ausblick*“, Fischer Taschenbuch Verlag, Frankfurt am Main, 2009

„*Geld und Weltfinanzsystem. Vom Wissen zum Handeln. Didaktische Module*“.
